

80

important reasons for you to join the American Diabetes Association today!

Turn to the American Diabetes Association (ADA) to get the most up-to-date information about diabetes. As a member, ADA offers you the most current information about breakthroughs in diabetes research and treatment options, forums for networking with your peers, continuing education opportunities, and grants that support diabetes research. Join over 18,000 physicians, nurses, research scientists, diabetes educators and other health professionals in the Professional Section of ADA.

ADA Members receive:

- 1. Discounts on ADA Scientific and Medical Programs** — Save up to 30% on registration fees!
- 2. Up to 2 FREE Professional Section Interest Group Memberships** — Join two Interest Groups of your choice.
- 3. FREE online access to your key Journal** — Access your subscription from every office!
- 4. Listing in Who's Who in Diabetes Treatment, Education and Research Directory** — Link to a valuable network of over 18,000 diabetes experts.
- 5. Professional Section Quarterly Newsletter** — Receive updates on clinical affairs, early notification of availability of new awards, updates on Recognized Programs and much more.
- 6. FREE Copy of Clinical Practice Recommendations** — This extensive guide details the current ADA standards of clinical care and is an important resource for all health care professionals who treat people with diabetes.
- 7. FREE key Journal Subscription** — Category I members receive a subscription to *Diabetes*[®] or *Diabetes Care*[®], while Category II members receive a subscription to *Diabetes Spectrum*[®] and *Diabetes Forecast*[®]. Members who want to subscribe to additional journals will receive special members-only discounted rates.

Diabetes[®] — the world's most-cited peer-reviewed journal of original diabetes research brings you the latest findings from the world's top scientists. *In print and online*

Diabetes Care[®] — the premier peer-reviewed journal of original diabetes research and treatment publishes findings from clinical research, human and animal trials. *In print and online*

Diabetes Spectrum[®] — translates research into practice for nurses, dietitians and other health care professionals involved in patient education and counseling. *In print and online*

Clinical Diabetes[®] — for the primary-care provider as well as other diabetes specialists, *Clinical Diabetes*[®] offers articles and abstracts highlighting recent advances in diabetes treatment. *In print and online*

Diabetes Forecast[®] — a valuable tool for patient education, ADA's magazine for patients and their families features advice on diet, exercise and other lifestyle changes. *Print only*

- 8. Members-Only Discounts on ADA Periodicals, Books and Patient Materials** — ADA also publishes diabetes education books, pamphlets, videotapes and CD ROMs. ADA members receive automatic discounts on most items.

Additional Opportunities...

- **ADA Research Grants and Awards** — All qualified professionals can apply for available research grants and awards.
- **Local Involvement** — You can participate in patient and professional education programs, network with other professionals and actively shape the future of ADA.
